

DEFENDER

A real protection for your equipment

SURGE PROTECTOR SERIES

MODEL: SS153(2USB)

MODEL: DM001

MODEL: SS151

MODEL: ES-101

MODEL: SS173 -20M

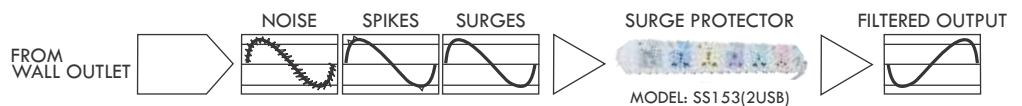

Features:

1. Three way protection of switching, lighting, surges and spikes.
2. Resettable thermal overload protection.
3. Independent ON/OFF switches with each socket
Status indicator on each switch..
4. With Child Safety shutter.
5. Available from 3 meters to 30 meters power cables.
6. Model SS-153 is with USB charger.
7. For protection of computers, office machines, domestic appliances, medical/scientific equipment and any other sensitive electrical equipment.

For Protection of:

Computers, Fax Machines, Photocopiers, VCR, TV, Mobile Charger, LCD, Speaker, Satellite Receivers (Dish antenna), Microwave Ovens, Radio, Telecommunication Equipment, Scientific Equipment, Medical Equipment, Audio/Video Equipment and for any kind of sensitive electronic equipment.

UNIVERSAL TRAVEL ADAPTERS SERIES

MODEL: STU2004

MODEL: SS7974B

Technical Specifications:

MODEL	SS151	SS153(2USB)	ES-101	SS173-20M	DM001
Max Power Rating	2 KVA (Distributed Load)		1.2 KVA	1.2 KVA	1000 VA
Max Voltage Rating	250 VAC				
Max Surge Current	10000 (8/20 μs)				X
Max Energy Rating	250 J (10/1000 μs)				X
Response Time	Instant				X
Protection Mode	All Pins				X
Surge Voltage (SEV)	X2 (3 KV), Y (5KV)				X
Temperature Range	-10°C to +55°C				0 °C ~ 45 °C
Cable Length	3 Meter	2 Meter	20 Meter	3 Meter
